

THE JICS ENDOWMENT FUND

Every gift to the JICS Endowment Fund is an investment in the future of an exemplary and transformative learning community and supports our public purpose. The following list of our funding priorities will help direct your gift to the area of need that is most important to you.

- **Economic Diversity:** Each year, we receive applications from families seeking financial assistance varying from 5% to 100% of tuition. Your financial support allows us to expand the reach of the JICS Diana Rankin Muncaster Family Fund, making a JICS education accessible beginning in Nursery or Kindergarten. Donations in any amount designated to bursary help defray tuition costs for students with financial need.
- **Commitment to Truth and Reconciliation Commission:** We believe it is critical for all Canadians to listen and respond actively to the Calls to Action from the Truth and Reconciliation Commission and diverse Indigenous voices. We are committed to unlearning and relearning the true history of this country alongside Indigenous educators and students. Your donation helps us do this work and bring environmental and land-based education into the heart of Canadian educational settings in the spirit of Truth and Reconciliation.
- **Research Student Mental Health:** For close to 100 years, JICS has been promoting the mental and emotional well-being of children with the use of psychological science and exemplary teaching practice. Your gift will help us to continue this research, develop and deliver new knowledge, tools, and resources to help Canadian school children thrive.
- **Support of Equity, Antiracism, and Inclusion Initiatives:** Make a donation that will support initiatives that will have a tangible impact on JICS's own work towards advancing equity and confronting racism and discrimination. Your donation will bring expert speakers, professional development training, curriculum development workshops, parent education events, and the development and dissemination of equity-related education research in accordance with the Lab School's public mandate.
- **The Lab School's Greatest Need:** JICS will direct your gift to where it will make the greatest impact, responding to challenges and new opportunities as they arise.
